A CCAD FAMILY REUNION

5-8 p.m.
 CCAD alumni—make your way to Packard Library for an impromptu reunion with fellow CCAD alumni. We'll be screening footage from our archive all evening, plus, we'll have highlights of our *140 Years of Creative Excellence* exhibition, which showcases posters, flyers, and catalogues for student exhibitions, some of which date back to the late-1800s. Join us to celebrate the past and make new CCAD memories as you meet new alumni, reconnect with old friends, and dive into CCAD's history.

While you're on campus, be sure to swing by Ampersand Emporium and grab some CCAD swag, designed by our own CCAD Student Agency.

CHROMA
 THE BEST OF CCAD
140TH ANNUAL STUDENT EXHIBITION

WELCOME TO CHROMA: BEST OF CCAD

Columbus College of Art & Design students embrace a wide range of art and design practices—and often cross from one discipline to another. Tonight, you're invited to plunge right in and experience the best of what they have to offer, including work from each of our majors, as well as our CORE programs, liberal arts, and first-year MFA and MDes students.

Take time to explore our entire campus and full slate of activities, from Chroma-Con (our version of Comic-Con) to a pop-up fashion show, from a redesigned scooter to a screening of archival CCAD footage, from video game demos to art on our gallery walls, and so much more. Plus, food trucks, a bar, and opportunities to create your own take-home crafts.

CCAD celebrates 140 years of creative excellence this year—and our emerging artists and designers are just getting started. So roam, grab a drink and a bite, and be inspired.

Learn more about our seniors at ccad.edu/chroma. Follow along on social (and share your experience) with [#ccadchroma](https://twitter.com/ccadchroma) and follow [@chromaccad](https://twitter.com/chromaccad) on Instagram.
